

Fizz Boom Legumes

Summer Library Reading Program

MyPlate Pizza Collage Toppings

Instructions: Make color copies and cut-out several per student. Alternately use the simpler shapes on the next page as templates for pizza toppings, or have students create their own shapes by cutting or tearing construction paper.

Make cheese for the pizzas by tearing or cutting small strips of yellow and white paper to represent cheese. Alternately, shred some yellow and white paper in a paper shredder to use as cheese.
